THE TOP OF YOUR HOMEPAGE

Three ways it could look. Pick one, and we build the rest in it.

THE LAUNCH

YOURS

Yours to keep
theme and files in your store

01 WHERE WE STARTED

What we built it around.

01 Orders placed now ship today.

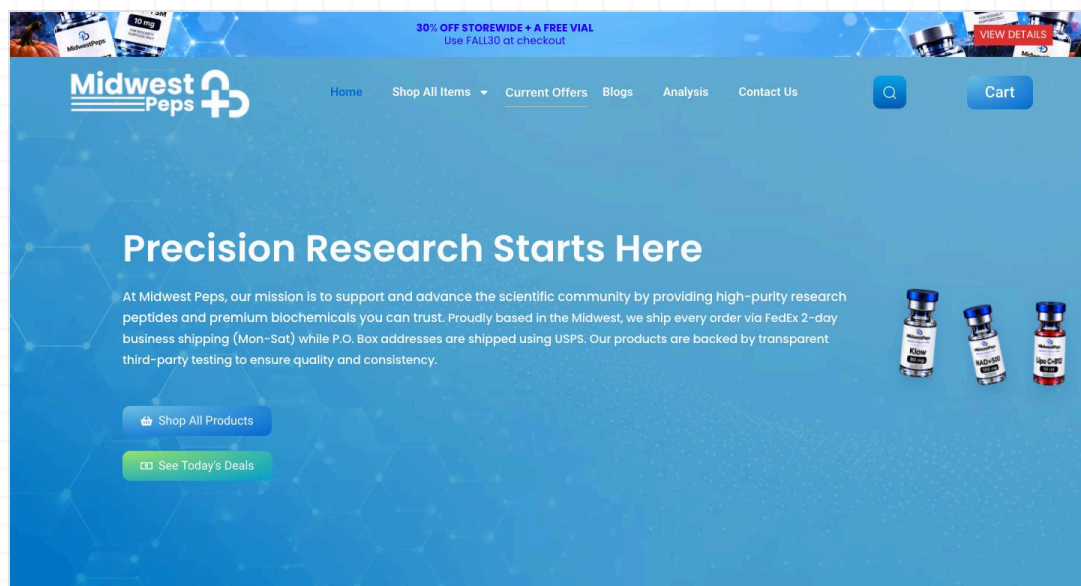

Your own countdown line. Option 1 stands seven of your real vials on a turntable a visitor can spin, each with its size, price and Add to cart. After the 12:00 PM ET cutoff it names the next shipping day.

02 Every batch is rigorously analyzed.

Your own words. Option 2 draws the real chromatogram from report #40629 on your Analysis page across the screen, its main peak rising to the 99.515% purity result.

03 Cool, dry and dark.

From your storage guide. Option 3 keeps the page in the dark and makes the visitor's cursor the one light on your vial. For research use only shows on every option.

06 QUESTIONS

The usual questions.

01 Will moving hurt my Google ranking?

We move it carefully. Every page address on your current site keeps working or forwards to its new page, and your titles and business details carry over, so nothing Google already knows about breaks. The new site is fast and built for phones first, which Google rewards. We don't promise rankings.

02 Is it secure?

Yes. The new theme is built lean, with no page builder and no extra plugins added, and we test it on a copy of your store before anything goes live. Your checkout and payments stay exactly as they are.

03 Who owns it?

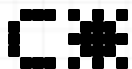

You do. The theme and every file sit in your WordPress site, in your name. Your hosting, domain and checkout stay with you, and nothing of ours renews unless you ask.

04 How do I make changes?

Text or email me the change and it's live the next business day. The first 30 days are free, then unlimited changes are \$35 a month if you want them, cancel anytime.

05 When do I pay?

Half (\$1,250) when you say go, the rest (\$1,250) when the site is live. You've seen the homepage before paying anything.
